

Oxford Consulting BootCamp

Grades 8-12

BOOTCAMP OVERVIEW

Ignite Your Consulting Potential at Oxford Consulting BootCamp

The Oxford Consulting BootCamp immerses you in strategy consulting, equipping you with essential skills like problem-solving, decision-making, and business analysis. You'll work with key frameworks like SWOT and MECE, tackle case studies, and prepare for mock interviews, building confidence to approach business challenges with a consultant's mindset.

Collaborate, Compete, and Connect: The Oxford Consulting League

The bootcamp concludes with the Oxford Consulting League, a team-based competition where you'll apply your skills to real-world cases. Present your findings to expert mentors, gain valuable feedback, and network with industry professionals. It's your chance to showcase your abilities and experience what it's like to work in top-tier consulting.

Start Your Journey NOW!

- Explore consulting career paths and skills needed
- Build a strong resume and personal brand
- Learn networking and internship strategies

Activity: Engage in an expert-led Q&A session.

THE CURRICULUM

THE OXFORD CONSULTING LEAGUE

This is where you put your consulting skills to the test! The Oxford Consulting League is your chance to step up, think like a real consultant, and showcase your problem-solving, strategic thinking, and presentation skills.

You'll go head-to-head with other participants, crafting compelling solutions and delivering powerful insights. It's not just about having the right answer—it's about how you analyze, structure, and communicate your ideas effectively.

With high stakes and a fast-paced environment, this competition will challenge you to think critically, adapt quickly, and make an impact. Are you ready to rise to the occasion?

KNOW YOUR Oxford Mentors

Your mentors aren't just teachers—they're ambitious *undergraduates* from the **University of Oxford** and *members* of the **Oxford Strategy Group**, one of the *UK's top student-run consulting organisations*. They've tackled real consulting projects, solved complex business problems, and mastered the skills top firms look for. Now, they're here to share their knowledge, guide you through case studies, and help you think like a true consultant.

But this isn't just about learning frameworks and theories—it's about hands-on experience and real-world insights. Whether it's cracking a case interview, structuring a winning presentation, or figuring out your path in consulting, your mentors will be there to support you every step of the way. Think of them as your personal guides to the world of strategy consulting!
