ABOUT THE CONFERENCE

The **Global Youth Leadership Conference** is a five-day immersive leadership experience for students in **Grades 8–12**, hosted at **Harrow International School Bengaluru** and taught by student mentors of the **Harvard Graduate School of Education - Global Education Leadership Collective (HGSE-GELC)**.

Designed for ambitious students preparing for an increasingly interconnected world, the conference combines leadership, communication, critical thinking, collaboration, and problem-solving through an engaging offline learning experience.

Through interactive workshops, simulations, case studies, leadership panels, and a capstone social impact project, participants learn how to think strategically, communicate with confidence, work effectively in teams, and lead meaningful change.

More than just a conference, it is a transformative experience that prepares students to become thoughtful leaders, changemakers, and global citizens.

OUR APPROACH

Experiential Learning: Learning happens through interactive activities, role plays, debates, simulations, and case studies rather than traditional classroom lectures.

Collaborative Leadership: Students work alongside peers, learning how diverse perspectives create stronger ideas and better solutions.

Critical Thinking: Participants analyse complex challenges, evaluate multiple viewpoints, and develop practical solutions that mirror real-world leadership situations.

Reflection & Growth: Every day concludes with structured reflection sessions that help students identify personal strengths, leadership style, and areas for growth.

My child truly grew at the camp. The hands-on projects and teamwork were invaluable. Their newfound confidence is evident.

LEARNING THROUGH CASE STUDIES

SOCIAL IMPACT PROJECT AT GLOBAL YOUTH LEADERSHIP CONFERENCE

THE GAMECHANGER

Every participant develops a **Social Impact Project** that addresses a real-world challenge.

Working in teams, students move from identifying a problem to designing innovative, sustainable solutions under mentor guidance.

By the end of the conference, each team presents its project before mentors and peers, showcasing creativity, leadership, collaboration, and strategic thinking.

This project serves as a meaningful addition to students' academic and leadership portfolios.
